CHECK AUDIT SYSTEM—HEDMAN 1500/2500

HE-1500 /HE-2500 Check Audit System

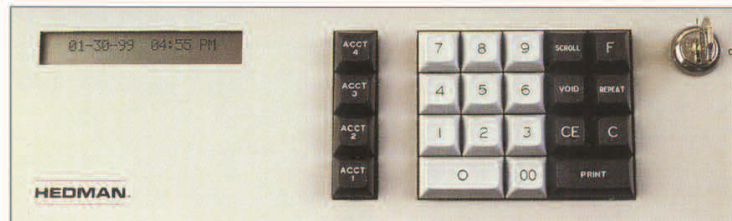

DEPENDABLE SECURITY

- Amounts are printed with unique, double-height numerals designed to stifle alteration.
- Regular or Reverse imprint designs further secure the amount imprint.
- Special prefix and suffix imprints prevent additional numbers from being inserted.
- Custom or standard Prefixes are available for added security and control.
- Dual key/lock controls and Executive Passwords prevent unauthorized access to general operation, executive functions and prefix prom.
- Programmable Password option provides added security against unauthorized usage and detailed audit control.
- Unique "Void Over" statement further enhances amount security.
- Programmable Check Number option improves document reconciliation.
- Account limits improve manager's control over high amount disbursements.

EASE OF OPERATION

- L.C.D. display guides users for easy operation.
- Processes checks for four separate disbursement accounts, even if each account uses a different size or style check.
- Three different reports list, summarize and total all transactions for simplified reconciliation.
 - 1) Operator Reports for easy balancing
 - 2) Executive Daily Report sequentially details every transaction
 - 3) Executive Summary Report summarizes transactions by operator and account
- The system is easily programmed to print amounts and dates virtually anywhere on single or multi-part forms up to 9.5" W x 16.5" L (24.1 cm x 41.9 cm)

The HE-2500 Export Series have multiple custom or standard amount prefixes, have 14 digit amount imprint capacity (13 digit in some cases on the HE-2503), optional "commas" or "periods" between number groups and may print date as (DD/MM/YY) or (MM/DD/YY).

HE 1500—Dollar/Cents Model-115V/60Hz

Prints 12 digit amounts up to 10 billion dollars. Multiple custom or standard amount prefix. Tracks both check numbers and user fees.
