DESKTOP CURRENCY SORTER—GLORY USF-100/USF-V10

Glory's multifunctional USF series Desktop Currency Sorters provide features that take currency counting to a more complete level—and in a convenient desktop design. Two ample stackers and a separate reject pocket for unwanted notes in a heavy-duty, well-built sorter that will deliver years of continuous productivity. Five stacker patterns can be configured to perform any number of different processing modes. Its efficient operational design enables a processing speed of up to 650 notes per minute with technologically advanced counterfeit detection. USF-100 features FIT/UNFIT detection sensors.
